X- Post Curl. Look for the Safety and how they are aligned on the field. If one high, sit on the hash and understand you are the fourth read. If 2 high, continue route to middle of field.

Y- 6-step sail route. Outside release. Plant at 6 steps, climb at 7 steps and try to get flat to the sideline at 8 steps.

H- Angle route. Know that you are the hot on this play. Look for blitzing LB from the boundary or a secondary blitz.

Z- MOR

QB- Progression: Vertical, Dig, Angle, to Post Curl. H is the hot vs. blitz
